(8) Where—

- (a) safeguarding works are carried out under this article to a building; and
- (b) within the period of 5 years beginning with the day on which the part of the authorised works constructed within the vicinity of the building is first opened for use, it appears that the safeguarding works are inadequate to protect the building against damage caused by the construction or operation of that part of the works,

the Executive must compensate the owners and occupiers of the building for any damage sustained by them.

(9) Nothing in this article relieves the Executive from any liability to pay compensation under section 10(2) of the 1965 Act.

(10) Any compensation payable under paragraph (7) or (8) must be determined, in case of dispute, under Part 1 of the 1961 Act.

(11) This article does not apply to any of the land specified in column (1) of Part 2 of Schedule 1 (acquisition of land).

(12) In this article “safeguarding works”, in relation to a building means—

- (i) underpinning, strengthening and any other works the purpose of which is to prevent damage which may be caused to the building by the construction, maintenance or operation of the authorised works; and
- (ii) any works the purpose of which is to remedy any damage which has been caused to the building by the construction, maintenance or operation of the authorised works.

Power to construct temporary tramways

17.—(1) The Executive may, if it considers it necessary or expedient in consequence of any street works executed or proposed to be executed in a street along which the authorised tramway is constructed—

- (a) remove or discontinue the operation of the authorised street tramway; and

(b) lay, maintain and operate in that street or in a street near to that street a temporary tramway in lieu of the authorised street tramway.

(2) The powers conferred by this article may only be exercised with the consent of the street authority but such consent may not be unreasonably withheld.

(3) The provisions of articles 8(2) (power to alter layout, etc. of streets), 9 (power to keep apparatus in streets) and 10 (power to execute street works) and article 33 (traffic signs) apply in relation to temporary tramways laid under this article as they apply in relation to the authorised tramway.

Power to survey and investigate land

18.—(1) The Executive may, in relation to any land within the Order limits, for the purposes of this Order—

- (a) survey or investigate the land;
- (b) without limitation on the scope of sub-paragraph (a), make trial holes in such positions as the Executive thinks fit on the land to investigate the nature of the surface layer and subsoil and remove soil samples;
- (c) without limitation on the scope of sub-paragraph (a), carry out archaeological investigations on the land;
- (d) take steps to protect or remove any flora or fauna on the land where the flora or fauna may be affected by the carrying out of the Order works;
- (e) place on, leave on and remove from the land apparatus for use in connection with the exercise of any powers conferred by sub-paragraphs (a) to (d); and
- (f) enter on the land for the purpose of exercising the powers conferred by sub-paragraphs (a) to (e).

(2) No land may be entered, or equipment placed or left on or removed from the land under paragraph (1), unless at least 7 days' notice has been served on every owner and occupier of the land.

(3) Any person entering land under this article on behalf of the Executive—

- (a) must, if so required, before or after entering the land produce written evidence of authority to do so; and
- (b) may take onto land such vehicles and equipment as are necessary for the purpose of exercising any of the powers conferred by paragraph (1).

(4) No trial hole may be made under this article in a carriageway or footway without the consent of the street authority, but such consent must not be unreasonably withheld.

(5) The Executive must make compensation for any damage occasioned, by the exercise of the powers conferred by this article, to the owners and occupiers of the land, such compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

Mode of construction and operation of tramway

19.—(1) The authorised tramway must be operated by electricity or, in an emergency or for the purposes of construction or maintenance, by diesel power or other means.

(2) The authorised tramway must be constructed to a nominal gauge of 1,435 millimetres.

(3) Where a tramway is constructed along a street or in any place to which the public has access (including any place to which the public has access only on the making of a payment), the Executive must take such care as in all the circumstances is reasonable to ensure that the tramway is constructed and maintained so that the street or other place is safe for other users.

(4) When considering what measures are required under paragraph (3), the Executive must have particular regard to the character and usage of the street or other place and to those who could reasonably be expected to use it.

PART 3
ACQUISITION AND POSSESSION OF LAND
Powers of acquisition

Power to acquire land

20. The Executive may acquire compulsorily so much of the land in the City specified in column (1) of Part 1 of Schedule 1 (acquisition of land) (being land shown on the land plan and described in the book of reference) as may be required for any of the purposes specified in relation to that land in column (2) of that Part and may use any land so acquired for those purposes or for any other purposes that are ancillary to its tramway undertaking.

Application of Part 1 of the 1965 Act

21.—(1) Part 1 of the 1965 Act, in so far as not modified by or inconsistent with the provisions of this Order, applies to the acquisition of land under this Order—

- (a) as it applies to a compulsory purchase to which the 1981 Act applies; and
 - (b) as if this Order were a compulsory purchase order under that Act.
- (2) Part 1 of the 1965 Act, as so applied, has effect as if—
- (a) section 4 (which provides a time limit for compulsory purchase of land) and paragraph 3(3) of Schedule 2 (streets subject to alteration of layout) (which makes provision as to the giving of bonds) were omitted.

Application of Compulsory Purchase (Vesting Declarations) Act 1981

22.—(1) The Compulsory Purchase (Vesting Declarations) Act 1981^(a) applies as if this Order were a compulsory purchase order.

(2) The Compulsory Purchase (Vesting Declarations) Act 1981 has effect with the following modifications.

(3) In section 3 (preliminary notices), for subsection (1) there is substituted—

“(1) Before making a declaration under section 4 with respect to any land which is subject to a compulsory purchase order the acquiring authority must include the particulars specified in subsection (3) in a notice which is—

- (a) given to every person with a relevant interest in the land with respect to which the declaration is to be made (other than a mortgagee who is not in possession), and
- (b) published in a local newspaper circulating in the area in which the land is situated.”.

(4) In that section, in subsection (2), for “(1)(b)” there is substituted “(1)” and after “given” there is inserted “and published”.

(5) In that section, for subsections (5) and (6) there is substituted—

“(5) For the purposes of this section, a person has a relevant interest in land if—

- (a) that person is for the time being entitled to dispose of the fee simple of the land, whether in possession or reversion, or
- (b) that person holds, or is entitled to the rents and profits of, the land under a lease or agreement, the unexpired term of which exceeds one month.”.

(6) In section 5 (earliest date for execution of declaration)—

- (a) in subsection (1), after “publication” there is inserted “in a local newspaper circulating in the area in which the land is situated”; and

(a) 1981 c. 66.

(b) subsection (2) is omitted.

(7) In section 7 (constructive notice to treat), in subsection (1)(a), the words “(as modified by section 4 of the Acquisition of Land Act 1981)” are omitted.

(8) References to the 1965 Act are construed as references to that Act as applied to the acquisition of land under article (power to acquire land).

Power to acquire new rights

23.—(1) The Executive may acquire compulsorily such easements or other rights over any land in the City referred to in article 20 (power to acquire land) as may be required in connection with the Order works for any purpose for which that land may be acquired under that provision.

(2) Subject to paragraph (4) the Executive may acquire compulsorily such easements or other rights over any land in the City specified in column (1) of Part 2 of Schedule 1 (acquisition of land) (being land shown on the land plan and described in the book of reference) as may be required for any of the purposes specified in relation to that land in column (2) of that Part.

(3) In paragraphs (1) and (2), the power compulsorily to acquire easements or other rights includes the power to do so by creating them as well as by acquiring easements or other rights already in existence.

(4) In exercising its powers under paragraph (2) the Executive may not acquire rights over plots 16, 17, 18, 19, 20, 21, 23, 24, 25, 31 and 32 unless any existing buildings in those plots have been demolished in accordance with the planning permission.

(5) Subject to section 8 of the 1965 Act (as substituted by paragraph 5 of Schedule 2 (modification of compensation and compulsory purchase enactments for creation of new rights)), where a right over land is acquired under paragraph (1) or (2) the body acquiring the right is not required to acquire a greater interest in the land.

(6) In any case where the acquisition of new rights under paragraph (1) is required for the purpose of diverting, replacing or protecting apparatus of a statutory undertaker, the Executive may, with the consent of the Secretary of State, transfer the power to acquire such rights to the statutory undertaker in question.

(7) Schedule 2 (modification of compensation and compulsory purchase enactments for creation of new rights) has effect for the purpose of modifying the enactments relating to compensation and the provisions of the 1965 Act in their application in relation to the compulsory acquisition under this Order of a right over land by the creation of a new right.

Rights under or over streets

24.—(1) The Executive may enter upon and appropriate so much of the subsoil of, or air-space over, any street within the Order limits as may be required for the purposes of the Order works and may use the subsoil or air-space for those purposes or any other purpose ancillary to the authorised tramway.

(2) Subject to paragraph (4) the power under paragraph (1) may be exercised in relation to a street without the Executive being required to acquire any part of the street or any easement or right in the street.

(3) Subject to paragraph (5) any person who is an owner or occupier of land in respect of which the power of appropriation conferred by paragraph (1) is exercised without the Executive acquiring any part of that person’s interest in the land, and who suffers loss by the exercise of that power is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(4) Paragraph (2) does not apply in relation to—

(a) any subway or underground building;

(b) any cellar, vault, arch or other construction in or on a street which forms part of a building fronting on to the street.

(5) Compensation is not payable under paragraph (3) to any person who is an undertaker to whom section 85 of the 1991 Act applies in respect of measures of which the allowable costs are to be borne in accordance with that section.

Temporary possession of land

Temporary use of land for construction of works

25.—(1) The Executive may, in connection with the carrying out of the authorised works—

- (a) enter upon and take temporary possession of—
 - (i) any of the land in the City specified in column (1) of Schedule 3 (land of which temporary possession may be taken) for the purpose specified in relation to that land in column (2) of that Schedule, and
 - (ii) any of the relevant land in respect of which no notice of entry has been served under section 11 of the 1965 Act (other than in connection with the acquisition of rights only) and no declaration has been made under section 4 of the Compulsory Purchase (Vesting Declarations) Act 1981;
- (b) remove any buildings and vegetation from that land; and
- (c) construct temporary works (including the provision of means of access) and buildings on the land; and
- (d) construct any permanent works specified in relation to that land in column 2 of Schedule 3 or any mitigation works on that land.

(2) Not less than 28 days before entering upon and taking temporary possession of land under this article the Executive must serve notice of the intended entry on the owners and occupiers of the land.

(3) The Executive may not, without the agreement of the owners of the land, remain in possession of any land under this article—

- (a) in the case of any land specified in column (1) of Schedule 3 (land of which temporary possession may be taken), after the end of the period of one year beginning with the date of completion of the work or works specified in relation to that land in column (3) of Schedule 4; or
- (b) in the case of the relevant land, after the end of the period of one year beginning with the date of completion of the work or works for which temporary possession of the land was taken unless the Executive has, before the end of that period, served a notice of entry under section 11 of the 1965 Act or made a declaration under section 4 of the Compulsory Purchase (Vesting Declarations) Act 1981.

(4) Before giving up possession of land of which temporary possession has been taken under this article, the Executive must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land; but the Executive is not required to replace a building removed under this article or restore the land on which any works have been constructed under paragraph 1(d).

(5) The Executive must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the powers conferred by this article.

(6) Any dispute as to a person's entitlement to compensation under paragraph (5), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(7) Without affecting article 42 (no double recovery), nothing in this article affects any liability to pay compensation under section 10(2) of the 1965 Act or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under paragraph (5).

(8) The powers of compulsory acquisition of land conferred by this Order do not apply in relation to the land referred to in paragraph (1)(a) except that the Executive is not to be precluded

from acquiring new rights over any land specified in Part 2 of Schedule 1 (acquisition of land) under article 23 (power to acquire new rights).

(9) Where the Executive takes possession of land under this article, it is not required to acquire the land or any interest in it.

(10) Section 13 of the 1965 Act applies to the temporary use of land pursuant to this article to the same extent as it applies to the acquisition of land under this Order by virtue of article 22(1) (application of Part 1 of the 1965 Act).

(11) Paragraph (1)(a)(ii) does not authorise the Executive to take temporary possession of—

- (a) any dwelling house or garden belonging to a dwelling house; or
- (b) any building (other than a dwelling house) if it is for the time being occupied.

(12) In this article “the relevant land” means any land within the Order limits other than—

- (a) the land specified in column (1) of Part 2 of Schedule 1 (acquisition of land); and
- (b) the land specified in column (1) of Schedule 3 to this Order.

Temporary use of land for maintenance of works

26.—(1) Subject to paragraph (2), at any time during the maintenance period relating to the Order works, the Executive may—

- (a) enter upon and take temporary possession of any land within the Order limits and lying within 20 metres from those works if such possession is reasonably required for the purpose of maintaining the works or any ancillary works connected with them;
- (b) construct such temporary works (including the provision of means of access) and buildings on the land as may be reasonably necessary for that purpose.

(2) Paragraph (1) does not authorise the Executive to take temporary possession of—

- (a) any house or garden belonging to a house;
- (b) any building (other than a house) if it is for the time being occupied; or
- (c) any land specified in column (1) of Part 2 of Schedule 1 (acquisition of land) (but without affecting the power to acquire rights under article 23(2) (power to acquire new rights) in relation to that land).

(3) Not less than 28 days before entering upon and taking temporary possession of land under this article the Executive must serve notice of the intended entry on the owners and occupiers of the land.

(4) The Executive may only remain in possession of land under this article for so long as may be reasonably necessary to carry out the maintenance works for which possession of the land was taken.

(5) Before giving up possession of land of which temporary possession has been taken under this article, the Executive must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land.

(6) The Executive must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the powers conferred by this article.

(7) Any dispute as to a person’s entitlement to compensation under paragraph (6), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(8) Without affecting article 42 (no double recovery), nothing in this article affects any liability to pay compensation under section 10(2) of the 1965 Act or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under paragraph (6).

(9) Where the Executive takes possession of land under this article, it is not required to acquire the land or any interest in it.

(10) Section 13 of the 1965 Act applies to the temporary use of land under this article to the same extent as it applies to the acquisition of land under this Order by virtue of article 21(1) (application of Part 1 of the 1965 Act).

(11) In this article—

- (a) “the maintenance period”, in relation to the Order works, means the period of 5 years beginning with the date on which the work is opened for use; and
- (b) any reference to land within a specified distance of a work includes, in the case of work under the surface of the ground, a reference to land within the specified distance of the point on the surface below which the work is situated.

Compensation

Disregard of certain interests and improvements

27.—(1) In assessing the compensation payable to any person on the acquisition from him of any land under this Order, the tribunal must not take into account—

- (a) any interest in land; or
- (b) any enhancement of the value of any interest in land by reason of any building erected, works executed or improvement or alteration made on relevant land;

if the tribunal is satisfied that the creation of the interest, the erection of the building, the execution of the works or the making of the improvement or alteration was not reasonably necessary and was undertaken with a view to obtaining compensation or increased compensation.

(2) In paragraph (1) “relevant land” means the land acquired from the person concerned or any other land with which that person is, or was at the time when the building was erected, the works executed or the improvement or alteration made, directly or indirectly concerned.

Supplementary

Acquisition of part of certain properties

28.—(1) This article applies instead of section 8(1) of the 1965 Act (as applied by article 21 (application the 1965 Act)) in any case where—

- (a) a notice to treat is served on a person (“the owner”) under the 1965 Act (as so applied) in respect of land forming only part of a house, building or factory or of land consisting of a house with a park or garden (“the land subject to the notice to treat”); and
- (b) a copy of this article is served on the owner with the notice to treat.

(2) In such a case, the owner may, within the period of 21 days beginning with the day on which the notice was served, serve on the Executive a counter-notice objecting to the sale of the land subject to the notice to treat and stating that the owner is willing and able to sell the whole (“the land subject to the counter-notice”).

(3) If no such counter-notice is served within that period, the owner must sell the land subject to the notice to treat.

(4) If such a counter-notice is served within that period, the question whether the owner must sell only the land subject to the notice to treat is, unless the Executive agrees to take the land subject to the counter-notice, to be referred to the tribunal.

(5) If on such a reference the tribunal determine that the land subject to the notice to treat can be taken—

- (a) without material detriment to the remainder of the land subject to the counter-notice; or
- (b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house,

the owner must sell the land subject to the notice to treat.

(6) If on such a reference the tribunal determine that only part of the land subject to the notice to treat can be taken—

- (a) without material detriment to the remainder of the land subject to the counter-notice; or
- (b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house;

the notice to treat is deemed to be a notice to treat for that part.

(7) If on such a reference the tribunal determine that—

- (a) the land subject to the notice to treat cannot be taken without material detriment to the remainder of the land subject to the counter-notice; but
- (b) the material detriment is confined to a part of the land subject to the counter-notice,

the notice to treat is deemed to be a notice to treat for the land to which the material detriment is confined in addition to the land already subject to the notice, whether or not the additional land is land which the Executive is authorised to acquire compulsorily under this Order.

(8) If the Executive agrees to take the land subject to the counter-notice, or if the tribunal determine that—

- (a) none of the land subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice or, as the case may be, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house; and
- (b) the material detriment is not confined to a part of the land subject to the counter-notice,

the notice to treat is deemed to be a notice to treat for the land subject to the counter-notice whether or not the whole of that land is land which the Executive is authorised to acquire compulsorily under this Order.

(9) In any case where by virtue of a determination by the tribunal under this article a notice to treat is deemed to be a notice to treat for less land or more land than that specified in the notice, the Executive may, within the period of 6 weeks beginning with the day on which the determination is made, withdraw the notice to treat; and if it does so it must pay the owner compensation for any loss or expense occasioned to the owner by the giving and withdrawal of the notice, to be determined in case of dispute by the tribunal.

(10) Where the owner is required under this article to sell only part of a house, building or factory or of land consisting of a house with a park or garden, the Executive must pay the owner compensation for any loss sustained by the owner due to the severance of that part in addition to the value of the interest acquired.

Extinction or suspension of rights of way

29.—(1) All private rights of way over land subject to compulsory acquisition under this Order are extinguished—

- (a) as from the date of acquisition of the land by the Executive, whether compulsorily or by agreement; or
- (b) on the date of entry on the land by the Executive under section 11(1) or (2) of the 1965 Act,

whichever is sooner.

(2) All private rights of way over land of which the Executive takes temporary possession under this Order are suspended and unenforceable for as long as the Executive remains in lawful possession of the land.

(3) Any person who suffers loss by the extinguishment or suspension of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(4) This article does not apply in relation to any right of way to which section 271 or 272 of the 1990 Act (extinguishment of rights of statutory undertakers etc.) applies.

(5) Paragraphs (1) and (2) have effect subject to any agreement made (whether before or after this Order comes into force) between the Executive and the person entitled to the private right of way.

(6) Paragraph (1) has effect subject to any notice given by the Executive that that paragraph is not to apply to any right of way specified in the notice where the notice is given before whichever is the soonest of the events specified in sub-paragraphs (a) or (b) of that paragraph.

(7) Paragraph (2) has effect subject to any notice given by the Executive at any time before or after possession is taken that that paragraph is not to apply to any right of way specified in the notice or is only to apply to the right of way to the extent specified in the notice.

(8) This article does not apply to any of the land specified in column (1) of Part 2 of Schedule 1 (acquisition of land).

Time limit for exercise of powers of acquisition

30.—(1) After the end of the period of 5 years beginning with the day on which this Order comes into force—

- (a) no notice to treat is to be served under Part 1 of the 1965 Act, as applied to the acquisition of land by article 21 (application of the 1965 Act); and
- (b) no declaration is to be executed under section 4 of the Compulsory Purchase (Vesting Declarations) Act 1981^(a), as applied by article 22 (application of Compulsory Purchase (Vesting Declarations) Act 1981).

(2) The powers conferred by article 25 (temporary use of land for construction of works) cease at the end of the period referred to in paragraph (1), except that nothing in this paragraph prevents the Executive remaining in possession of land after the end of that period, if the land was entered and possession of it was taken before the end of that period.

PART 4

OPERATION OF TRAMWAY SYSTEM

Power to operate and use tramway system

31.—(1) The Executive may operate and use the authorised tramway and the other Order works as a system, or part of a system, of transport for the carriage of passengers and goods.

(2) Subject to paragraph (4) and to section 54 of the 1989 Act (as applied by article 5 (application of the Midland Metro Acts)), the Executive has, for the purpose of operating the authorised tramway, the exclusive right—

- (a) to use the rails, foundations, cables, masts, overhead wires and other apparatus used for the operation of the tramway; and
- (b) to occupy that part of the street in which that apparatus is situated.

(3) Any person who, without the consent of the Executive or other reasonable excuse, uses the apparatus mentioned in paragraph (2) is guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(a) 1981 c.66.

(4) Nothing in this article restricts the exercise of any public right of way over any part of a street in which apparatus is situated in pursuance of paragraph (2) except to the extent that the exercise of the right is constrained by the presence of the apparatus.

Power to charge fares

32. The Executive may demand, take and recover or waive such charges for carrying passengers or goods on tramcars using the authorised tramway or for any other services or facilities provided in connection with the operation of the authorised tramway, as it thinks fit.

Traffic signs

33.—(1) The Executive may, for the purposes of, or in connection with the operation of, the authorised tramway, place or maintain traffic signs on or near any street along which tramcars using the authorised tramway are run.

(2) The Executive—

- (a) must consult with the traffic authority as to the placing of signs; and
- (b) unless the traffic authority is unwilling to do so and subject to any directions given under section 65 (powers and duties of highway authorities as to the placing of traffic signs) of the 1984 Act, must enter into arrangements with the traffic authority for the signs to be placed and maintained by the traffic authority.

(3) Any power conferred by section 65 of the 1984 Act to give directions to a traffic authority or local traffic authority as to traffic signs includes a power to give directions to the Executive as to traffic signs under this article; and, the powers conferred by paragraph (1) are exercisable subject to and in conformity with any directions given under that section.

(4) A traffic authority or other authority having power under the 1984 Act to place and maintain, or cause to be placed and maintained, traffic signs on or near any street along which tramcars using the authorised tramway are run, must consult with the Executive as to the placing of any traffic sign which would affect the operation of the authorised tramway.

(5) Tramcars are taken to be public service vehicles for the purposes of section 122(2)(c) of the 1984 Act.

(6) Expressions used in this article and in the 1984 Act have the same meaning in this article as in that Act.

Obstruction of construction of authorised works

34. Any person who, without reasonable excuse, obstructs another person from constructing the authorised tramway or any other Order works under the powers conferred by this Order is guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

PART 5

MISCELLANEOUS AND GENERAL

Planning permission

35. Planning permission which is deemed by a direction under section 90(2A) of the 1990 Act to be granted in relation to Order works is to be treated as specific planning permission for the purposes of section 264(3)(a) of that Act (cases in which land is to be treated as operational land for the purposes of that Act).

Statutory undertakers, etc.

36. Schedule 4 (provisions relating to statutory undertakers, etc.) has effect.

Existing agreements

37. The agreements listed in Schedule 5 (existing agreements) apply in relation to the exercise of the powers of this Order as they apply to the exercise of the powers of the 2005 Order.

Minerals

38.—(1) Parts 2 and 3 of Schedule 2 to the 1981 Act (exception of minerals from compulsory purchase and regulation of the working of mines or minerals underlying an authorised undertaking) have effect in relation to land to which article 20 (power to acquire land) applies as if it were comprised in a compulsory purchase order providing for the incorporation with that order of those Parts of that Schedule.

(2) In their application under paragraph (1), Parts 2 and 3 of Schedule 2 to the 1981 Act have effect with the following modifications—

- (a) references to the acquiring authority are to be construed as references to the Executive; and
- (b) references to the undertaking are to be construed as references to the undertaking which the Executive is authorised by this Order to carry on.

Saving for highway authorities

39. Nothing in this Order affects any power of a highway authority to widen, alter, divert or improve any highway along which the authorised tramway is constructed or operated.

Certification of plans, etc.

40. The Executive must, as soon as practicable after the making of this Order, submit copies of the book of reference, the deposited section, the land plan and the works plan to the Secretary of State for certification that they are, respectively, the book of reference, the deposited section, the land plan and the works plan referred to in this Order; and a document so certified is admissible in any proceedings as evidence of the contents of the document of which it is a copy.

Service of notices

41.—(1) A notice or other document required or authorised to be served for the purposes of this Order may be served by post.

(2) Where the person on whom a notice or other document to be served for the purposes of this Order is a body corporate, the notice or document is duly served if it is served on the secretary or clerk of that body.

(3) For the purposes of section 7 of the Interpretation Act 1978(a) as it applies for the purposes of this article, the proper address of any person in relation to the service on that person of a notice or document under paragraph (1) is, if that person has given an address for service, that address, and otherwise—

- (a) in the case of the secretary or clerk of a body corporate, the registered or principal office of that body; and
- (b) in any other case the last known address of that person at the time of service.

(a) 1978 c.30.

MODIFICATION OF COMPENSATION AND COMPULSORY PURCHASE ENACTMENTS FOR CREATION OF NEW RIGHTS

Compensation enactments

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land apply with the necessary modifications as respects compensation in the case of a compulsory acquisition under this Order of a right by the creation of a new right as they apply as respects compensation on the compulsory purchase of land and interests in land.

2.—(1) Without limitation to the scope of paragraph 1, the Land Compensation Act 1973^(a) has effect subject to the modifications set out in sub-paragraphs (2) and (3).

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 of the 1965 Act as substituted by paragraph 4—

- (a) for the words “land is acquired or taken” there are substituted the words “a right over land is purchased”; and
- (b) for the words “acquired or taken from him” there are substituted the words “over which the right is exercisable”.

(3) In section 58(1) (determination of material detriment where part of house etc. proposed for compulsory acquisition), as it applies to determinations under section 8 of the 1965 Act as substituted by paragraph 5—

- (a) for the word “part” in paragraphs (a) and (b) there are substituted the words “a right over land consisting”,
- (b) for the word “severance” there are substituted the words “right over the whole of the house, building or manufactory or of the house and the park or garden”;
- (c) for the words “part proposed” there are substituted the words “right proposed”; and
- (d) for the words “part is” there are substituted the words “right is”.

Application of the 1965 Act

3.—(1) The 1965 Act has effect with the modifications necessary to make it apply to the compulsory acquisition under this Order of a right by the creation of a new right as it applies to the compulsory acquisition under this Order of land, so that, in appropriate contexts, references in that Act to land are to be read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired, or
- (b) the land over which the right is or is to be exercisable.

(2) Without limitation on the scope of sub-paragraph (1), Part 1 of the 1965 Act applies in relation to the compulsory acquisition under this Order of a right by the creation of a new right with the modifications specified in the following provisions of this Schedule.

4. For section 7 of the 1965 Act (measure of compensation) there is substituted the following section—

“7. In assessing the compensation to be paid by the acquiring authority under this Act regard must be had not only to the extent (if any) to which the value of the land over which the right is to be acquired is depreciated by the acquisition of the right but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from

(a) 1973 c.26.

other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”.

5. For section 8 of the 1965 Act (other provisions as to divided land) there is substituted the following—

“8.—(1) Where, in consequence of the service on a person under section 5 of this Act of a notice to treat in respect of a right over land consisting of a house, building or manufactory or of a park or garden belonging to a house (“the relevant land”)—

- (a) a question of disputed compensation in respect of the purchase of the right would, apart from this section, fall to be determined by the Upper Tribunal (“the tribunal”); and
- (b) before the tribunal has determined that question the tribunal is satisfied that the person has an interest, and is able and willing to sell that interest in the whole of the relevant land and—
 - (i) where that land consists of a house, building or manufactory, that the right cannot be purchased without material detriment to that land, or
 - (ii) where that land consists of such a park or garden, that the right cannot be purchased without seriously affecting the amenity or convenience of the house to which that land belongs,

the Midland Metro (Birmingham City Centre Extension, Land Acquisition and Variation) Order 20[1X](a) (“the Order”), in relation to that person, ceases to authorise the purchase of of the right and is deemed to authorise the purchase of that person’s interest in the whole of the relevant land including, where the land consists of such a park or garden, the house to which it belongs, and the notice is deemed to have been served in respect of that interest on such date as the tribunal directs.

(2) Any question as to the extent of the land in which the Order is deemed to authorise the purchase of an interest by virtue of subsection (1) of this section is to be determined by the tribunal.

(3) Where, in consequence of a determination of the tribunal that it is satisfied as mentioned in subsection (1) of this section, the Order is deemed by virtue of that subsection to authorise the purchase of an interest in land, the acquiring authority may, at any time within the period of 6 weeks beginning with the date of the determination, withdraw the notice to treat in consequence of which the determination was made; but nothing in this subsection affects any other power of the authority to withdraw the notice.”.

6. The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land), that is to say—

- (a) section 9(4) (failure by owners to convey);
- (b) paragraph 10(3) of Schedule 1 (owners under incapacity);
- (c) paragraph 2(3) of Schedule 2 (absent and untraced owners); and
- (d) paragraphs 2(3) and 7(2) of Schedule 4 (common land);

are modified as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired is vested absolutely in the acquiring authority.

7. Section 11 of the 1965 Act (powers of entry) is modified so as to secure that, as from the date on which the acquiring authority has served notice to treat in respect of any right, they have power, exercisable in the equivalent circumstances and subject to the equivalent conditions, to enter for the purpose of exercising that right (which is deemed for this purpose to have been

(a) S.I. 201[X].

created on the date of service of the notice); and sections 12 (penalty for unauthorised entry) and 13 (entry on warrant in the event of obstruction) of the 1965 Act are modified correspondingly.

8. Section 20 of the 1965 Act (protection for interests of tenants at will etc.) applies with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition under this Order of that land, but taking into account only the extent (if any) of such interference with such an interest as is actually caused, or likely to be caused, by the exercise of the right in question.

9. Section 22 of the 1965 Act (interests omitted from purchase) is modified so as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, subject to compliance with that section as respects compensation.

3.—(1) The undertaker must not exercise the powers conferred by article 18 (power to survey and investigate land) or the powers conferred by section 11(3) of the 1965 Act in respect of any railway property unless the exercise of such powers is with the consent of Network Rail.

(2) The undertaker must not in the exercise of the powers conferred by this Order prevent pedestrian or vehicular access to any railway property, unless preventing such access is with the consent of Network Rail.

(3) The undertaker must not under the powers conferred by this Order acquire or use or acquire new rights over any railway property except with the consent of Network Rail.

(4) The undertaker shall not exercise the powers conferred by sections 271 or 272 of the 1990 Act, as applied by Schedule 4 to this Order, in relation to any right of access of Network Rail to railway property, but such right of access may be diverted with the consent of Network Rail.

(5) Where Network Rail is asked to give its consent or agreement pursuant to sub-paragraphs (1), (2), (3) or (4), such consent or agreement must not be unreasonably withheld but may be given subject to reasonable conditions.

4.—(1) The undertaker must before commencing construction of any specified work supply to Network Rail proper and sufficient plans of that work for the reasonable approval of the engineer and the specified work shall not be commenced except in accordance with such plans as have been approved in writing by the engineer or settled by arbitration.

(2) The approval of the engineer under sub-paragraph (1) shall not be unreasonably withheld, and if by the end of the period of 56 days beginning with the date on which such plans have been supplied to Network Rail the engineer has not intimated disapproval of those plans and the grounds of disapproval the engineer shall be deemed to have approved the plans as submitted.

(3) If by the end of the period of 56 days beginning with the date on which such plans have been supplied to Network Rail, Network Rail gives notice to the undertaker that Network Rail desires itself to construct any part of a specified work which in the opinion of the engineer will or may affect the stability of railway property or the safe operation of traffic on the railways of Network Rail then, if the undertaker desires such part of the specified work to be constructed, Network Rail must construct it with all reasonable dispatch on behalf of and to the reasonable satisfaction of the undertaker in accordance with the plans approved or deemed to be approved or settled under this paragraph, and under the supervision (where appropriate and if given) of the undertaker.

(4) When signifying approval of the plans the engineer may specify any protective works (whether temporary or permanent) which in the engineer’s opinion should be carried out before the commencement of the construction of a specified work to ensure the safety or stability of railway property or the continuation of safe and efficient operation of the railways of Network Rail or the services of operators using the same (including any relocation de-commissioning and

removal of works, apparatus and equipment necessitated by a specified work and the comfort and safety of passengers who may be affected by the specified works), and such protective works as may be reasonably necessary for those purposes are to be constructed by Network Rail or by the undertaker, if Network Rail so desires, and such protective works shall be carried out at the expense of the undertaker in either case with all reasonable dispatch and the undertaker shall not commence the construction of the specified works until the engineer has notified the undertaker that the protective works have been completed to the engineer's reasonable satisfaction.

5.—(1) Any specified work and any protective works to be constructed by virtue of paragraph 4(4) shall, when commenced, be constructed—

- (a) with all reasonable dispatch in accordance with the plans approved or deemed to have been approved or settled under paragraph 4(1);
- (b) under the supervision (where appropriate and if given) and to the reasonable satisfaction of the engineer; and
- (c) in such manner as to cause as little damage as is possible to railway property and as little interference as may be with the conduct of traffic on the railways of Network Rail;

and if any damage to railway property or any such interference or obstruction is caused by the carrying out of, or in consequence of the construction of, a specified work, the undertaker must, notwithstanding any such approval, make good such damage and shall pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may sustain by reason of any such damage, interference or obstruction.

(2) The undertaker must give to the engineer no less than 180 days' notice of its intention to commence the construction of a specified work and must give, except in emergency (when it must give such notice as may be reasonably practicable), 90 days' notice of its intention to carry out any works for the maintenance or repair of a specified work in so far as such work of repair or maintenance may affect railway property.

(3) Nothing in this Schedule imposes any liability on the undertaker with respect to any damage, costs, expenses or loss attributable to the negligence of Network Rail or its servants, contractors or agents or any liability on Network Rail with respect of any damage, costs, expenses or loss attributable to the negligence of the undertaker or its servants, contractors or agents.

6. The undertaker must—

- (a) at all times afford reasonable facilities to the engineer for access to a specified work during its construction; and
- (b) supply the engineer with all such information as the engineer may reasonably require with regard to a specified work or the method of constructing it.

7. Network Rail must at all times afford reasonable facilities to the undertaker and its agents for access to any works carried out by Network Rail under this part of this Schedule during their construction and must supply the undertaker with such information as it may reasonably require with regard to such works or the method of constructing them.

8.—(1) If any permanent or temporary alterations or additions to railway property, or to any protective works under paragraph 4(4), are reasonably necessary in consequence of the construction of a specified work, or during a period of 12 months after the commencement of regular revenue-earning train operations using the new railways comprised in any specific work, in consequence of the construction of a specified work, such alterations and additions may be carried out by Network Rail and if Network Rail gives to the undertaker reasonable notice of its intention to carry out such alterations or additions (which must be specified in the notice), the undertaker must pay to Network Rail the reasonable cost of those alterations or additions including, in respect of any such alterations and additions as are to be permanent, a capitalised sum representing the increase of the costs which may be expected to be reasonably incurred by Network Rail in maintaining, working and, when necessary, renewing any such alterations or additions.

(2) If during the construction of a specified work by the undertaker, Network Rail gives notice to the undertaker that Network Rail desires itself to construct that part of the specified work which in the opinion of the engineer is endangering the stability of railway property or the safe operation of traffic on the railways of Network Rail then, if the undertaker decides that part of the specified work is to be constructed, Network Rail must assume construction of that part of the specified work and the undertaker must, notwithstanding any such approval of a specified work under paragraph 5(3), pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may suffer by reason of the execution by Network Rail of that specified work.

(3) The engineer must, in respect of the capitalised sums referred to in this paragraph and paragraph 10(a) provide such details of the formula by which those sums have been calculated as the undertaker may reasonably require.

(4) If the cost of maintaining, working or renewing railway property is reduced in consequence of any such alterations or additions a capitalised sum representing such saving must be set off against any sum payable by the undertaker to Network Rail under this paragraph.

9. The undertaker must repay to Network Rail all reasonable fees, costs, charges and expenses reasonably incurred by Network Rail—

- (a) in constructing any part of a specified work on behalf of the undertaker as provided by paragraph 4(3) or in constructing any protective works under the provisions of paragraph 4(4) including, in respect of any permanent protective works, a capitalised sum representing the cost of maintaining and renewing those works;
- (b) in respect of the approval by the engineer of plans submitted by the undertaker and the supervision by the engineer of the construction of a specified work and otherwise in connexion with the implementation of the provisions of this Schedule;
- (c) in respect of the employment or procurement of the services of any inspectors, signalmen, watchmen and other persons whom it shall be reasonably necessary to appoint for inspecting, signalling, watching and lighting railway property and for preventing, so far as may be reasonably practicable, interference, obstruction, danger or accident arising from the construction or failure of a specified work;
- (d) in respect of any special traffic working resulting from any speed restrictions which may in the opinion of the engineer, require to be imposed by reason or in consequence of the construction or failure of a specified work or from the substitution or diversion of services which may be reasonably necessary for the same reason; and
- (e) in respect of any additional temporary lighting of railway property in the vicinity of the specified works, being lighting made reasonably necessary by reason or in consequence of the construction or failure of a specified work.

10.—(1) In this paragraph—

“EMI” means, subject to sub-paragraph (2), electromagnetic interference with Network Rail’s apparatus generated by the operation of the Order works where such interference is of a level which adversely affects the safe operation of Network Rail’s apparatus; and

“Network Rail’s apparatus” means any lines, circuits, wires, apparatus or equipment (whether or not modified or installed as part of the Order works) which are owned or used by Network Rail for the purpose of transmitting or receiving electrical energy or of radio, telegraphic, telephonic, electric, electronic or other like means of signalling or other communications.

(2) This paragraph applies to EMI only to the extent that such EMI is not attributable to any change to Network Rail’s apparatus carried out after approval of plans under paragraph 4(1) for the relevant part of the Order works giving rise to EMI (unless the undertaker has been given notice in writing before the approval of those plans of the intention to make such change) other than any change carried out by Network Rail as part of, or in consequence of, the Order works..

(3) Subject to sub-paragraph (5), the undertaker must in the design and construction of the Order works take all measures necessary to prevent EMI and must establish with Network Rail (both parties acting reasonably) appropriate arrangements to verify their effectiveness.

- (4) In order to facilitate the undertaker's compliance with sub-paragraph (3)—
- (a) the undertaker must consult with Network Rail as early as reasonably practicable to identify all Network Rail's apparatus which may be at risk of EMI, and thereafter must continue to consult with Network Rail (both before and after formal submission of plans under paragraph 4(1)) in order to identify all potential causes of EMI and the measures required to eliminate them;
 - (b) Network Rail must make available to the undertaker all information in the possession of Network Rail reasonably requested by the undertaker in respect of Network Rail's apparatus identified pursuant to sub-paragraph (a); and
 - (c) Network Rail must allow the undertaker reasonable facilities for the inspection of Network Rail's apparatus identified pursuant to sub-paragraph (a).
- (5) In any case where it is established that EMI can only reasonably be prevented by modifications to Network Rail's apparatus, Network Rail must not withhold its consent unreasonably to modifications of Network Rail's apparatus, but the means of prevention and the method of their execution must be selected in the reasonable discretion of Network Rail, and in relation to such modifications paragraph 4(1) shall have effect subject to this sub-paragraph.
- (6) If at any time prior to the commencement of commercial operation of the Order works and regardless of any measures adopted under sub-paragraph (3), the testing or commissioning of the Order works causes EMI then the undertaker shall immediately upon receipt of notification by Network Rail of such EMI either in writing or communicated orally (such oral communication to be confirmed in writing as soon as reasonably practicable after it has been issued) forthwith cease to use (or procure the cessation of use of) the undertaker's apparatus causing such EMI until all measures necessary have been taken to remedy such EMI by way of modification to the source of such EMI or (in the circumstances, and subject to the consent, specified in sub-paragraph (5)) to Network Rail's apparatus.
- (7) In the event of EMI having occurred—
- (a) the undertaker must afford reasonable facilities to Network Rail for access to the undertaker's apparatus in the investigation of such EMI;
 - (b) Network Rail must afford reasonable facilities to the undertaker for access to Network Rail's apparatus in the investigation of such EMI; and
 - (c) Network Rail must make available to the undertaker any additional material information in its possession reasonably requested by the undertaker in respect of Network Rail's apparatus or such EMI.
- (8) Where Network Rail approves modifications to Network Rail's apparatus pursuant to sub-paragraphs (5) or (6)—
- (a) Network Rail must allow the undertaker reasonable facilities for the inspection of the relevant part of Network Rail's apparatus;
 - (b) any modifications to Network Rail's apparatus approved pursuant to those sub-paragraphs must be carried out and completed by the undertaker in accordance with paragraph 5.
- (9) To the extent that it would not otherwise do so, the indemnity in paragraph 14(1) applies to the costs and expenses reasonably incurred or losses suffered by Network Rail through the implementation of the provisions of this paragraph (including costs incurred in connection with the consideration of proposals, approval of plans, supervision and inspection of works and facilitating access to Network Rail's apparatus) or in consequence of any EMI to which sub-paragraph (6) applies.
- (10) For the purpose of paragraph 9(a) any modifications to Network Rail's apparatus under this paragraph shall be deemed to be protective works referred to in that paragraph.
- (11) In relation to any dispute arising under this paragraph the reference in article 47 (arbitration) to an arbitrator to be agreed shall be read as a reference to an arbitrator being a member of the Institution of Electrical Engineers.

11.—(1) If at any time after the completion of a specified work, not being a work vested in Network Rail, Network Rail gives notice to the undertaker informing it that the state of maintenance of any part of the specified work appears to be such as adversely affects the operation of railway property, the undertaker must, on receipt of such notice, take such steps as may be reasonably necessary to put that specified work in such state of maintenance as not adversely to affect railway property.

(2) If at any time after the completion of a specified work, being a work vested in Network Rail, the undertaker gives notice to Network Rail informing it that the state of maintenance of any part of the specified work appears to be such as adversely affects the operation of authorised tramway, Network Rail must, on receipt of such notice, take such steps as may be reasonably necessary to put that specified work in such state of maintenance as not adversely to affect the authorised tramway.

12. The undertaker must not provide any illumination or illuminated sign or signal on or in connection with a specified work in the vicinity of any railway belonging to Network Rail unless it has first consulted Network Rail and it must comply with Network Rail’s reasonable requirements for preventing confusion between such illumination or illuminated sign or signal and any railway signal or other light used for controlling, directing or securing the safety of traffic on the railway.

13. Any additional expenses which Network Rail may reasonably incur in altering, reconstructing or maintaining railway property under any powers existing at the making of this Order by reason of the existence of a specified work, provided that 56 days’ previous notice of the commencement of such alteration, reconstruction or maintenance has been given to the undertaker, are to be repaid by the undertaker to Network Rail.

14.—(1) The undertaker must pay to Network Rail all reasonable costs, charges, damages and expenses not otherwise provided for in this Schedule which may be occasioned to or reasonably incurred by Network Rail—

- (a) by reason of the construction or maintenance of a specified work or the failure thereof; or
- (b) by reason of any act or omission of the undertaker or of any person in its employ or of its contractors or others whilst engaged upon a specified work,

and the undertaker must indemnify Network Rail from and against all claims and demands arising out of or in connection with a specified work or any such failure, act or omission; and the fact that any act or thing may have been done by Network Rail on behalf of the undertaker or in accordance with plans approved by the engineer or in accordance with any requirement of the engineer or under his supervision will not (if it was done without negligence on the part of Network Rail or of any person in its employ or of its contractors or agents) excuse the undertaker from any liability under the provisions of this Schedule.

(2) Network Rail must give the undertaker reasonable notice of any such claim or demand and no settlement or compromise of such a claim or demand is to be made without the prior consent of the undertaker, such consent not to be unreasonably withheld.

(3) The sums payable by the undertaker under sub-paragraph (1) will include a sum equivalent to the relevant costs.

(4) Subject to the terms of any agreement between Network Rail and a train operator regarding the timing or method of payment of the relevant costs in respect of that train operator, Network Rail must promptly pay to each train operator the amount of any sums which Network Rail receives under sub-paragraph (3) which relates to the relevant costs of that train operator.

(5) The obligation under sub-paragraph (3) to pay Network Rail the relevant costs will, in the event of default, be enforceable directly by any train operator concerned to the extent that such sums would be payable to that operator pursuant to sub-paragraph (4).

(6) In this paragraph—

“the relevant costs” means the costs, direct losses and expenses (including loss of revenue) reasonably incurred by each train operator as a consequence of any restriction of the use of

Network Rail's railway network as a result of the construction, maintenance or failure of a specified work or any such act or omission as mentioned in sub-paragraph (1); and

"train operator" means any person who is authorised to act as the operator of a train by a licence under section 8 of the 1993 Act.

15. Network Rail must, on receipt of a request from the undertaker, from time to time provide the undertaker free of charge with written estimates of the costs, charges, expenses and other liabilities for which the undertaker is or will become liable under this Schedule (including the amount of the relevant costs mentioned in paragraph 14) and with such information as may reasonably enable the undertaker to assess the reasonableness of any such estimate or claim made or to be made pursuant to this Schedule (including any claim relating to those relevant costs).

16. In the assessment of any sums payable to Network Rail under this Schedule there must not be taken into account any increase in the sums claimed that is attributable to any action taken by or any agreement entered into by Network Rail if that action or agreement was not reasonably necessary and was taken or entered into with a view to obtaining the payment of those sums by the undertaker under this Schedule or increasing the sums so payable.

17. The undertaker and Network Rail may, subject in the case of Network Rail to compliance with the terms of its network licence, enter into, and carry into effect, agreements for the transfer to the undertaker of—

- (a) any railway property shown on the deposited plans and described in the book of reference;
- (b) any lands, works or other property held in connection with any such railway property; and
- (c) any rights and obligations (whether or not statutory) of Network Rail relating to any railway property or any lands, works or other property referred to in this paragraph.

18. Any difference between Network Rail and the Executive arising under this Schedule is to be referred to arbitration.
