HOW TO USE THIS MAP

Identify first where you wish to travel to and from. The index at the top of the map will help you.

If the same number is shown in the index against both your destination and your starting point, then a through service is available. Many services operate at frequent intervals throughout the day, evening and on Sundays. For full timetable information, call Traveline or visit www.traveline.co.uk

If no through service is available, then you will need to change buses. Find your starting point and destination on the route map. Then look down your destination to your starting point along the bus route, using the route numbers. This will show you the routes available to you, and where you will need to change buses. Timetable information is available to interchange between bus and rail.
