
Bus, Rail & Metro Services in
BIRMINGHAM
HOW TO USE THIS MAP
Firstly, find where you want to travel to and from. The index on the reverse of this map will help you.
If the same number is shown in the index against both your destination and your departure point, then you can travel between the two on the same service. A frequent service runs throughout the day, evening and on Sundays. For full timetable information, call Traveline or visit ifwm.org.uk.
If no through service is available, then you will need to change buses. The index will show you which routes you can use. Look for a bus stop near your destination to your starting point along the bus route, using the route numbers. This will show you the routes available to you, and where you can change buses. Where a change is necessary, it may also be possible to interchange between bus, rail and Metro.
