# Bus and Rail Services in SOLIHULL

## HOW TO USE THIS MAP

Firstly, find where you wish to travel to and from. The index to the right will help you.

If the same number is shown in the index against both your destination and your starting point, then a through service is available. Many services operate at frequent intervals throughout the day, evening and on Sundays. For full timetable information, call Traveline or visit tfwm.org.uk.

Full timetable information is available from the traveline.

If no through service is available, then you will need to change buses. Find your starting point and destination on the route map. Trace back from your destination to your starting point along the bus roads, using the route numbers. This will show you the routes available to you, and where you will need to change buses. Remember, it may also be possible to interchange between bus, rail and Metro.
